PREFACE TO SEVENTH EDITION.

The need of an annual edition of our Directory is in no way so well shown as in the fact that since we printed the last one for 1898 some 1336 names have been added to the list. The alphabetical list of the horticultural trade, which we began with our last issue, has been much increased and corrected. Its value has been readily seen and acknowledged. Our list of catalogue firms, wholesale, retail and nursery, has been carefully revised and extended.

Those who use the work for circular and catalogue purposes are cautioned to take careful heed of our KEY letters, by which is shown as exactly as is practical the line of business followed by each firm, whether it be retailing flowers, growing them, or both, or some other branch of horticulture. Catalogues and circulars may thus be placed only with those who are likely to use the goods to be sold.

We ask the co-operation of all subscribers and readers in supplying us with their own or other changes in their locality. Our present system, covering the whole country, is kept continually corrected up to date.

We again return thanks to the many friends who have aided us in perfecting each succeeding edition.

NOTICE.—The forms were held for corrections and additions up to December 31, but a number which arrived too late for insertion in the proper place will be found on pages 356–357. Please consult these pages before making use of the general state lists. The alphabetical list is complete to date.

IMPORTERS OF RAFFIA

Spray Pumps and Nozzles

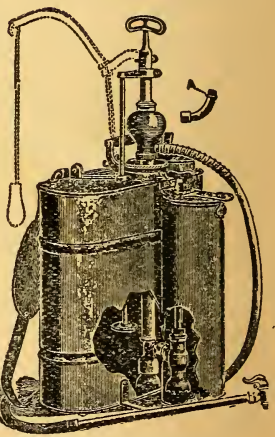

All articles here illustrated are patented. They are the acme of mechanical perfection. Highest awards at World's Fair. Many improvements since.

Illustrated by the above cuts are the result of Inventive Genius and Mechanical Skill. The **Bordeaux** and **Deming-Vermorel Nozzles** are the best of their kind. Among Horticulturists' **Labor-Saving Devices**, the greatest are our patent

KEROSENE SPRAYERS.

They mix oil and water in desired proportions while pumping, dispense with making Kerosene Emulsion, destroy San Jose scale and various insects. We make the largest and best line of Spray Pumps, Nozzles and attachments, a small part of which we illustrate above. Deming Sprayers are used and recommended by leading Horticulturists and Agricultural Experiment Stations.

Complete illustrated catalogue and price list, containing full directions, sent on application. Our goods find a ready sale among Florists, Seedsmen, Nurserymen, Fruit Growers, Gardeners and Farmers generally.

COMMERCIAL FLORICULTURE
IN THE UNITED STATES.

STATISTICS FROM THE CENSUS OF 1891.

WHILE floriculture has been carried on as a business in this country for upward of one hundred years it is only within the past twenty-five years that it has assumed large proportions. Out of a total of 4,659 establishments 2,795 were started between 1870 and 1890 and of these 1,797 between 1880 and 1890. There are 312 commercial establishments owned and managed by women. These 4,659 establishments, had in use in the census year 38,823,247 square feet of glass, covering a space of more than 891 acres of ground. The establishments, including fixtures and heating apparatus, were valued at $38,355,722.43; tools and implements, $1,587,693.93, and gave employment to 16,847 men and 1,958 women, who earned in the year $8,483,657. Fuel for heating cost $1,160,152.66. The products for the year were 49,056,253 rose bushes, 38,380,872 hardy plants and shrubs, while all other plants amounted to 152,835,292, reaching a total value of $12,036,477.76 for plants. Cut flowers brought an additional income of $14,175,328.01.

From the tabulations it appears that the largest number of square feet of glass in one establishment in the United States is in the District of Columbia; the oldest establishment was started in New York; the largest number of roses propagated were, respectively, in Pennsylvania, Illinois and Ohio; the largest number of hardy plants propagated were, respectively, in Illinois, New York and Kansas; the largest total value of plant sales were, respectively, in New York, Pennsylvania and California, and the largest total value of cut-flower sales were, respectively, in New York, Illinois and Pennsylvania

3,425,600 wholesale and 17,630,094 retail catalogues are annually issued, while $767,438.21 was paid for postage, $1,161,168.31 for advertising, $534,221.86 for freight, and $554,390.55 for express bills, and the estimated freight and express bills on outgoing shipments was $1,086,904.60.

NOTE.—Owing to the rapid growth of the trade it will be necessary to add a generous percentage to the above figures, and those in the following tables, in making an estimate as to the condition of the trade at date. The statistics of 1891 are the most recent we have, and all that we will have until the census of 1901.

THE NURSERY INDUSTRY IN THE UNITED STATES.

—o—

STATISTICS FROM THE CENSUS OF 1891.

From the tabulations in the bulletin it appears that there are in the United States 4,510 nurseries, valued at $41,978,835.80, and occupying 172,806 acres of land, with an invested capital of $52,425,669.51, and giving employment to 45,657 men, 2,279 women, and 14,200 animals using in the propagation and cultivation of trees and plants $990,606.04 worth of implements. Of the acreage in nurseries 95,025.42 were found to be used in growing trees, plants, shrubs and vines of all ages, and the figures, based upon the best estimate of the nurserymen, make the grand total of plants and trees 3,386,855,778, of which 518,016,612 are fruit trees, 685,603,396 grape vines and small fruits, and the balance nut, deciduous and evergreen trees, hardy shrubs and roses. The largest acreage is devoted to the production of apple trees, viz., 20,232.75 acres, numbering 240,570,666 young trees, giving an average of 11,890 per acre, while the plum, pear and peach have, respectively, 7,826.5, 6,854.25, and 3,357 acres, producing 88,494,367, 77,223,402, and 49,887,894 young trees, or an average of 11,307, 11,266, and 14,861 trees to the acre.

The following table shows the number grown of each class of trees and plants, together with the number of acres and the average number grown per acre.

The total value of these products in the nursery is upward of $100,000,000 if sold at market rates; but the fluctuation in demand for the various varieties is such that there is often a considerable surplus of stock on hand of some varieties of too great age or inferior grade, which has to be sold at whatever price is offered, or else thrown on the brush heap to be burned, so that nearly 20 per cent. of all stock produced annually remains unsold.

As nearly all trees and many plants are seldom sold till two and three years old, the stock in nurseries, as above enumerated, really represents a two years' supply.

It is evident from the figures furnished by the nurserymen as to the total value of nurseries that in most cases growing stock is not estimated at much more than one-fourth its market value when sold. No doubt this is just and fair, as perishable products of this sort are of value only as they can be sold, and their sale depends largely upon advertising and the solicitation of catalogues and traveling salesmen, and if not disposed of when they arrive at proper size and age, they soon become valueless.

SEED GROWING IN THE UNITED STATES

—o—

DIGEST OF THE U. S. GOVERNMENT CENSUS BULLETIN OF 1891 ON THE SEED FARMING INDUSTRY.

There are about 596 seed farms established in the United States, containing in all about 169,851 acres, and representing a total investment in land, buildings, and implements, of $18,325,935.86. Of these farms, 258, or nearly one-half, are located in the North Atlantic States, with an acreage of 47,813; the North Central Division comes next in number of farms (157), but devotes 87,096 acres, or an average of 555 acres per farm, to this industry. These farms give direct employment to 13,500 men at wages of from $0.50 to $1.50 per day, and 1,541 women at from $0.35 to $1.00 per day.

Of these farms 496 have been established since 1870, this fact alone showing something of the wonderful growth of the business.

We give below a table showing the acreage and average yield per acre of the principal seed crops. These figures cannot, however, give a complete account of the products of this industry; as great quantities of seed are grown on contract by skilled farmers and market gardeners, who are not really included among seed farmers, it is impossible to estimate this item with any degree of accuracy.

Gardening...

THE LEADING JOURNAL OF HORTICULTURE AND FLORICULTURE.

THIS finely illustrated paper treats of all departments of horticulture and floriculture in the best, broadest and most popular style. Trees, shrubs and vines, fruits, flowers and vegetables are all fully and seasonably discussed by the ablest writers.

This is just the paper that all Florists, Seedsmen and Nurserymen should recommend to their amateur friends and patrons, and we give a commission of fifty per cent on all new subscriptions to those who act as our agents. Pays better than most kinds of stock.

Twice Monthly. **$2.00** Per Annum.

Park Superintendents.

While nearly all given in this list have the official title of Superintendent there are some who do not. In some cities the curiosities of city goverment make one of the Park Commissioners Superintendent in fact, while in others the Chairman of the Park Committee of the Council performs the functions of Superintendent. These are given in the list without comment, as they are the men in charge, and are Superintendents in fact if not in name. We have aimed to give only those who are in charge of parks of some little extent and importance.

KEY.

F Florists who do a general local trade, having greenhouses and retailing the product of same.

G Florists who grow cut flowers or plants for the wholesale market and who do not sell at retail. Almost always within a short distance of a large city.

R Retail store florists who have no glass of their own. Nearly always in the larger cities.

D Wholesale commission dealers in cut flowers.

N Nurserymen.

X Those who are both Nurserymen and Florists.

S Seedsmen.

Z Those who are both Seedsmen and Florists.

U Those who are both Seedsmen and Nurserymen.

A Those who combine all three branches, viz: Florists, Nurserymen and Seedsmen.

GREENHOUSE CAPACITY.—Where information has been secured regarding greenhouse glass, the amount is indicated in thousand feet by figures following a dash. Thus—5 after a name signifies that the party named reports about 5,000 square feet of glass. A * indicates that he has less than 1,000 feet.

NURSERIES.—Letter A followed by figure indicates number of acres in nursery. Thus—A. 40, indicates forty acres reported devoted to nurseries.

[In view of the numerous complaints about catalogues and price lists being returned to sender by the postmaster of West Hoboken, it will be well to explain that in the absence of Free Delivery at this post-office, many of those who live at a distance from the office have arranged with a messenger to call for their mail, and he is paid by them at a fixed rate for each letter delivered. As the addressees refuse to pay this messenger for the delivery of catalogues and price lists, he refuses to accept same from the postmaster, and the latter has no alternative except to return to the sender.]

KEY.

F Florists who do a general local trade, having greenhouses and retailing the product of same.

G Florists who grow cut flowers or plants for the wholesale market and who do not sell at retail. Almost always within a short distance of a large city.

R Retail store florists who have no glass of their own. Nearly always in the larger cities.

D Wholesale commission dealers in cut flowers.

N Nurserymen.

X Those who are both Nurserymen and Florists.

S Seedsmen.

Z Those who are both Seedsmen and Florists.

U Those who are both Seedsmen and Nurserymen.

A Those who combine all three branches, viz: Florists, Nurserymen and Seedsmen.

GREENHOUSE CAPACITY.—Where information has been secured regarding greenhouse glass, the amount is indicated in thousand feet by figures following a dash. Thus—5 after a name signifies that the party named reports about 5,000 square feet of glass. A * indicates that he has less than 1,000 feet.

NURSERIES.—Letter A followed by figure indicates number of acres in nursery. Thus—A. 40, indicates forty acres reported devoted to nurseries.

CATALOGUE ILLUSTRATIONS....

The best that art can produce of New and Rare Plants, Trees, Shrubs, Vines, etc., may be had at modest prices on application to

The American Florist Company....

324 Dearborn Street,

Chicago, Ill., U. S. A.

FIRMS THAT ISSUE CATALOGUES.

Below we give a list of American Seedsmen, Florists and Nurserymen, also Seed and Bulb Growers for the wholesale trade, that issue catalogues. The letters at the left of the names indicate the branch of the trade represented in the catalogue, and where more than one letter is used the position of each shows the relative importance in that catalogue of the several branches represented therein. Thus, S. indicates that the catalogue is devoted entirely to seeds and the usual garden supplies found in a seedsman's catalogue. S. F. means that the publishers of the catalogue are both seedsmen and florists, but that more space is devoted to seeds than to plants. F. S. N. indicates that the catalogue covers all three branches and that plants have most space, seeds next, and nursery stock the least. And so on through all the various combinations, S. representing the seed division, F. the florist or ornamental plant division, and N. the nursery stock, or tree and shrub department. Where the catalogue is devoted mainly to one specialty, this is given in parenthesis after the name of the firm issuing it.

All firms that issue catalogues are requested to mail a copy to our Directory Department

SOCIETY OF AMERICAN FLORISTS.

ITS ORGANIZATION.

The Society of American Florists was born at Chicago, Ill., on June 19, 1884. Previous to this time there had been no organization of any kind among the florists and gardeners of the country, although many of them were identified with the various horticultural societies and a few were members of the Nurserymen's Association. To a few far seeing individuals it seemed that the florists were numerous enough and their business strong enough to maintain a separate national organization of their own. So in response to a call, about thirty or forty gentlemen assembled in Chicago on the 19th of June, 1884, and there laid the foundations of the Society of American Florists. One of the objects sought to be accomplished by organization was some plan for insurance of glass houses against injury by hail; indeed it is doubtful if the Society had materialized for many years had it not been for this impetus. At the Chicago meeting a preliminary organization was effected and an executive committee met at Pittsburg, Pa., in February, 1885, where the program and other arrangements were prepared for the first annual convention to be held in Cincinnati, O., in the following August.

First Annual Meeting, Cincinnati, O., August 12, 13, 14, 1885.

FLORISTS' HAIL ASSOCIATION OF AMERICA.

The Society of American Florists, in their preliminary address to the florists of America, which was issued soon after the first preliminary meeting in Chicago, June 19, 1884, included the following: "One of the first intentions of the Society of American Florists is to provide in the best manner an insurance against loss of glass by hail."

The Society thus having had its inception, subjected itself to provide in the best manner an insurance against loss by hail. Several, if not all, of its original charter members felt in duty bound to make an attempt to carry out someplan of this kind, and of course when that seemed most feasible. It was in this spirit that in spite of many objections the Florists' Hail Ass'n was at last organized.

This first definite action which resulted in the organization of this Association was taken by the Society Friday, Aug. 20, 1886, being a close vote of the Society (67 to 55), after full discussion the evening of Aug. 20, 1886, in Horticultural Hall, Philadelphia, when the following committee was appointed by President Craig: J. M. Jordan, St. Louis, Mo., chairman; Henry A. Siebrecht, New Rochelle, N. Y.; E. G. Hill, Richmond, Ind.; J. G. Esler, Saddle River, N. J.; J. C. Vaughan, Chicago, Ill.

The committee met in New York City a short time after this, and formulated a plan of organizing, a constitution and by-laws, and in the spring of 1887 the Florists' Hail Association of America was incorporated by an act of the Legislature of the state of New Jersey.

The first officers were: J. M. Jordan, President; Edwin Lonsdale, Vice-President; E. G. Hill, Treasurer, and J. G. Esler, Secretary. Directors: J. D. Carmody, J. C. Vaughan, Jas. Horan, B. F. Dorrance, Edwin Lonsdale, Peter Henderson and J. M. Jordan.

From this organization the growth of this Association has been steady, and notwithstanding heavy losses have been paid, all assessments have been promptly met. The expenses of the organization in the way of salaries, etc., are very light.

OFFICERS—For 1898-99 are:—J. C. Vaughan, Chicago, Ill., President; E. G. Hill, Richmond, Ind., Vice-President; John G. Esler, Saddle River, N. J., Secretary; Albert M. Herr, Lancaster, Pa., Treasurer.

DIRECTORS.—Stephen D. Horan, H. H. Ritter, Wm. F. Dreer, J. C. Vaughan, E. G Hill, John T. Temple, Wm. Scott.

THE AMERICAN ASSOCIATION OF NURSERYMEN.

[Until 1887, the American Association of Nurserymen, Florists and Seedsmen.]

ITS ORGANIZATION.

At the Crystal Lake meeting of the Northern Illinois Horticultural Society, in January, 1876, a proposition was made by Dr. John E. Ennis, of Clinton, Iowa, for a National Centennial meeting of Nurserymen, Florists, Seedsmen and kindred interests, to be held in the city of Chicago at some day to be agreed upon. The proposition was received with favor and the following committee appointed for the purpose of carrying it out: Dr. John E. Ennis, Clinton, Iowa; L. K. Scofield, Freeport, Ill.; J. S. Stickney, Wauwatosa, Wis.; A. R. Whitney, Franklin Grove, Ill.; Edgar Sanders, Chicago, Ill.; D. Wilmot Scott, Galena, Ill.; Lewis Ellsworth, Naperville, Ill.

At an informal meeting in Chicago, the following temporary officers were elected: Edgar Sanders, President; D. Wilmot Scott, Secretary; A. R. Whitney, Treasurer. A call was issued to Nurserymen, Florists, Seedsmen, Horticultural Implement makers and dealers in supplies for Nurserymen and Florists in the United States, for a Centennial meeting in the Exposition Building, Chicago, commencing Wednesday, June 14, 1876, at 10 A. M., and to continue two days.

First Annual Meeting, Chicago, June 14 and 15, 1876.

Officers.—President, E. Moody, Lockport, N. Y.; Secretary, D. Wilmot Scott, Galena, Ill.; Treasurer, A. R. Whitney, Franklin Grove, Ill.

Executive Committee.—T. S. Hubbard, Fredonia, N. Y.; L. K. Scofield, Freeport, Ill.; J. J. Harrison, Painesville, O.

Vice-Presidents were appointed for a portion of the States, the remainder being left for action by the Executive Committee. Sixty-three members were enrolled. No essays were read at this meeting. In the way of local hospitalities a trip to the South Parks was given the members of the Association.

Second Annual Meeting, Chicago, June 20, 21 and 23, 1877.

Officers.—President, J. S. Stickney, Wauwatosa, Wis.; First Vice-President, J. J. Harrison, Painesville, O.; Secretary, D. Wilmot Scott, Galena, Ill.; Treas., A. R. Whitney, Franklin Grove, Ill.

Executive Committee.—T. S. Hubbard, Fredonia, N. Y.; Dr. J. E. Ennis, Clinton, Ia.; Chas. E. Bowen, Detroit, Mich.; H. E. Hooker, Rochester, N. Y.; E. Moody, Lockport, N. Y.

Though matters of interest to the trades represented were discussed, no essays were read at this meeting. Fifty-eight members responded to the call. Mr. John B. Drake, of the Grand Pacific Hotel, entertained the members of the Association at a banquet; a visit was again paid to the South Parks, and to the conservatory on the roof of the Palmer House.

[We have been unable to obtain the records for 1878 and 1879, though we have tried every source we could think of. The record that we give was gathered piecemeal from various ones, and the history of this important organization seemed in a fair way to be lost thus early. Though the proceedings of every meeting were printed, we found no one who possessed a complete set of the reports.]

Fifth Annual Meeting, Chicago, June 16, 17 and 18, 1880.

Officers.—President, N. H. Albaugh, Tadmor, O.; First Vice-President, G. B. Brackett, Denmark, Ia.; Secretary, D. Wilmot Scott, Galena, Ill.; Treasurer, A. R. Whitney, Franklin Grove, Ill.

EXPRESS AND POSTAGE RATES.

EXPRESS RATES.

Below appear extracts of trade interest from the classification adopted jointly by the following express companies:

ADAMS EXPRESS COMPANY,
AMERICAN EXPRESS COMPANY,
NATIONAL EXPRESS COMPANY,
NORTHERN PACIFIC EXPRESS COMPANY,
PACIFIC EXPRESS COMPANY,
SOUTHERN EXPRESS COMPANY,
UNITED STATES EXPRESS COMPANY,
WELLS FARGO & COMPANY'S EXPRESS.

PLANTS. — Completely boxed and packed so they may be handled without extra care, general special rate. Between points where no general special is in force, plants packed as above may be taken at 20 per cent less than merchandise rate, pound rates, minimum charge 35 cents, for each company carrying; prepaid or guaranteed. Plants not so boxed and packed, double merchandise rate.

SHRUBS.—For setting, when boxed or baled and strawed, prepaid or guaranteed, general special rate. Between points where no general special is in force, shrubs may be taken at 20 per cent less than merchandise rate, at pound rates; minimum charge 35 cents, for each company carrying. This applies only to points reached by rail.

TREES.—For setting, when boxed or baled and strawed, prepaid or guaranteed, general special rate. Between points where no general special is in force trees may be taken at 20 per cent less than merchandise rates, at pound rates; minimum charge 35 cents for each company carrying. This applies only to points reached by rail.

[The general special rates are usually about 20 per cent less than merchandise rate, so the special reduction is 20 per cent less than merchandise rate to all points.—ED.]

SEEDS may be carried between all points at merchandise rates (pound rates); minimum charge, 35 cents, for each company carrying, unless graduate rate or Section D rates are less, charges prepaid or guaranteed. But the above will not apply to exclusive offices of Wells, Fargo & Co., west of Ogden and El Paso.

SECTION D.—PREPAID RATES.

For manufacturers, publishers and dealers, to railroad points only, within the United States and Canada.

The following articles may be carried at 10 CENTS FOR EACH 1½ LBS., OR LESS, and for single packages EXCEEDING 1½ LBS., ONE CENT FOR EACH ADDITIONAL TWO OUNCES OR FRACTION THEREOF, unless the graduated rate is less. If the through rate exceeds $8.50 per 100 lbs., no package weighing over 4 lbs., except single books, will be carried at these rates.

[We extract from the list the items of trade interest as below.—ED.]

BULBS,	ONION SETS,	SCIONS,
CATALOGUES,	PLANTS,	SEEDS,
CUTTINGS,	SHOW CARDS,	ROOTS.

Any of the above mentioned articles which represent advertising, may be taken under section A when it gives a lower rate, viz.: Merchandise rates with pound rates for actual weight between all offices of the companies named, charges prepaid or guaranteed and no charge less than 35c for each company carrying.

Require prepayment or guarantee of charges on seeds and cuttings.

NOTE.—Packages of bulbs or seeds exceeding 40 ounces in weight, 4 cents per package less than rates of ½ cent per ounce, unless regular graduate is less. When graduated or other rates quoted are less than these, they should be applied. When shipments are ordered returned these rates apply.

Postage on Seeds, Plants, Etc.

We give below an extract from the Official Postal Guide.

"By the act approved July 24, 1888, the postage on seeds, cuttings, roots, scions and plants is at the rate of one cent for each two ounces or fraction thereof. Dried plants, fruits and cut flowers are subject to the rate of one cent per ounce."

CHRYSANTHEMUM SOCIETY OF AMERICA.

This Society was organized at Buffalo, N. Y., August 22, 1889, under the name of American Chrysanthemum Society, which was changed to Chrysanthemum Society of America at the meeting at St. Louis, Mo., Aug. 10, 1893.

The aims of the Society are to supervise the dissemination of new varieties, and prevent as far as possible the introduction to commerce of poor or worthless varieties, and to insure correct nomenclature; to stimulate the formation of local chrysanthemum societies; to encourage better methods of culture.

OFFICERS FOR 1896.—Pres., Elijah A. Wood, West Newton, Mass.; Vice-Pres. E. G. Hill, Richmond, Ind.; Secretary, Elmer D. Smith, Adrian, Mich.; Treas., John N. May, Summit, N. J.

The principal work that the Society has so far taken in hand is the revision of nomenclature, a very important matter in view of the fact that the number of seedlings now annually introduced is very large. Before names of chrysanthemums are published in catalogues, or in any way the new varieties are offered for sale, they should be submitted to the Secretary of this Society to ascertain whether or not such names have been already appropriated. Priority of claim can be established by means of the official register of chrysanthemum names kept by the Society. In this way duplication of names is avoided. The Society in addition to providing means for the prevention of innocent duplication of names keeps careful watch for other synonyms, and when such are discovered at once points them out to its members and the trade generally.

The meetings of the Society are held during the Annual Conventions of the Society of American Florists, and its reports are published in the appendix to the proceedings of that society.

At the annual meeting in 1894, committees, of three members each, were appointed from the membership at, or near, Boston, New York, Philadelphia, Chicago and Cincinnati, to be in session in those cities each Saturday during October and November, to judge new varieties submitted to them. The work of these committees was continued in 1895 and the Society adopted the following scale of points for judging:

SCALE OF POINTS FOR JUDGING CHRYSANTHEMUMS.

A. Scale of points for bush plants and standards, single specimen or any number up to six in an exhibition where the class under consideration does not form the chief feature in the exhibition hall.

Equality of size and form of plant	40

THE AMERICAN SEED TRADE ASSOCIATION.

The idea of holding a Seed Trade Convention originated with those of the trade resident at Rochester, N. Y., who, early in May, 1883, issued a call which was sent to the seedsmen generally throughout the country. As stated in the call, the objects of the Convention were to discuss: 1st. Protection against unjust claims for damages; 2d. Postage on seeds; 3d. Tariff on seeds. The project met with such general favor that no time was lost in calling a meeting, which was held in New York City, June 12, 13 and 14, 1883.

The minutes of the Convention show that when it was called to order, and list of invitations read, thirty-five gentlemen were present and responded, and upon organization R. A. Robbins (Johnson, Robbins & Co.), Wethersfield, Conn., was elected president, and James Y. Murkland (Young & Elliott), New York, secretary and treasurer.

The introductory to the records of the first meeting reads:

"It is hoped that the American Seed Trade Association will become just what it ought to be; what it is intended to be—a national organization. We desire to enroll every worthy seedsman from Maine to California, and respectfully invite you to apply for admission. An annual gathering will induce many to attend, even for the sake of personal contact, and from all points of the compass we hope to see the seedsmen of our land exchange courtesies which may enable them in the future to transact business with greater confidence."

The Second Annual Convention was held in Boston, June 10 to 12, 1884. C. H. B. Breck (Jos. Breck & Sons), Boston, was elected president; J. A. Bolgiano (J. A. Bolgiano & Sons), Baltimore, vice-president, and Mr. Murkland, re-elected. Fifty-three members were enrolled.

The Third Annual meeting was at Rochester, N. Y., June 9 to 11, 1885, when the present Constitution and By-Laws were adopted. The officers elected were C. W. Crosman, Rochester, president; J. W. Bolgiano, re-elected; W. H. Maule, Philadelphia, second vice-president; and James Y. Murkland, re-elected; with C. L. Allen, Garden City, N. Y., as assistant secretary. Sixty-three members were enrolled.

The Fourth Annnal Meeting was held at Niagara Falls, N. Y., August 3 to 5, 1886. The officers elected were John Fottler, Jr., Boston, president; F. E. McAllister, New York, first vice-president; W. Atlee Burpee, Philadelphia, second vice-president; Albert McCullough, Cincinnati, secretary and treasurer, and C. L. Allen, re-elected. Membership was the same as at the preceding meeting.

The Fifth Annual Convention was held in Philadelphia, June 14 to 16, 1887. The following officers were elected; Wm. Meggat, Wethersfield, Conn., president; W. Atlee Burpee, Philadelphia, first vice-president; Geo. S. Haskell, Rockford, Ill., second vice-president; Albert McCullough and C. L. Allen, re-elected. Eighty-three members were enrolled.

The Sixth Annual Convention was held in Chicago, June 12 to 14 1888. Officers elected were Geo. S. Haskell, Rockford, Ill., president; Jno. H. Allan, Picton, Ont., vice-president; Albert McCullough, secretary and treasurer.

The Seventh Annual Convention was held in Washington, June, 1889. Officers elected: Herbert W. Johnson, Philadelphia, president; J. C. Vaughan; Chicago, vice-president; Albert McCullough, re-elected secretary and treasurer.

Eighth Annual Convention at Saratoga, N. Y., June 10, 1890. Officers elected: Albert McCullough, Cincinnati, president; Z. De Forest Ely, Philadelphia, vice-president; John Fottler, Jr., Boston, secretary and treasurer.

Ninth Annual Convention at Cincinnati, O., June, 1891. Officers elected: F. Barteldes, Lawerence, Kan., president; Z. De Forest Ely, Philadelphia, vice-president; A. L. Don, New York, secretary and treasurer.

The Tenth Annual Convention was held in Hartford, Conn., Allyn House, June 14 to 16, 1892. Officers elected: J. C. Vaughan, Chicago, president; Z. De Forest Ely, Philadelphia, vice-president; A. L. Don, New York, re-elected secretary and treasurer.

The Eleventh Annual Convention was held at the Leland Hotel, Chicago, August 16 to 18, 1893. Officers elected: W. Atlee Burpee, Philadelphia, president; D. I. Bushnell, St. Louis, vice-president; A. L. Don, New York, re-elected secretary and treasurer. This meeting was held in August for the convenience of members desiring to attend the International Horticultural Congress of the World's Congress Auxiliary and these gatherings proved of mutual benefit.

The Twelfth Annual Convention was held at the Queen's Hotel, Toronto, Canada, June 12 to 14, 1894. Officers elected: D. I. Bushnell, St. Louis, Mo., president; S.E. Briggs, Toronto, Ont., 1st vice-president; A. L. Don, New York, secretary and treasurer.

The Thirteenth Annual Convention was held at the Russell House, Detroit, Mich., June 11 to 13, 1895. Officers elected: S. E. Briggs, Toronto, Ont., president; T. W. Wood, Richmond, Va., 1st vice-president; A. L. Don, New York, secretary and treasurer.

The Fourteenth Annual Convention was held at Niagara Falls, N. Y., June 9 to 11, 1896. Officers elected: T. W. Wood, Richmond, Va., president; Alex. Rodgers, Chicago, vice-president; A. L. Don, New York, secretary and treasurer.

The Fifteenth Annual Convention was held at Washington, D. C., June 8 to 10, 1897. Officers elected: Jerome B. Rice, Cambridge, N. Y., president; Everett B. Clark, Milford, Conn., vice-president; S. F. Willard, Wethersfield, Conn., secretary and treasurer.

The Sixteenth Annual Convention was held at Old Point Comfort, Va., June 14 to 16, 1898. Officers elected: E. B. Clark, Milford, Conn., president; Jos. A. Bolgiano, Baltimore, Md., first vice-president; Albert McCullough, Cincinnati, O., second vice-president; S. F. Willard, Wethersfield, Conn., secretary and treasurer; A. N. Clark, Milford, Conn., assistant secretary.

FLORISTS' MUTUAL FIRE INSURANCE ASSOCIATION

After five years of earnest work by a committee of the Society of American Florists consisting of E. H. Michel, J. G. Esler and E. A. Seidewitz in endeavoring to secure an acceptance of a classification of greenhouses by old line fire insurance companies the committee reported a plan of fire insurance at the Providence Convention of the Society of American Florists in August 1897. The society appointed a committee of five to secure organization. Mr. W. J. Vesey and M. A. Patten were the additional members.

A few months later Messrs. Michel, Vesey, Patten and Esler met in New York City and perfected a set of by-laws to govern the Florists' Mutual Fire Insurance Association. This organization was effected on January 1, 1898, under the laws of Indiana, with office at the home of the secretary at Fort Wayne, Ind.

The first officers of the organization are John G. Esler, President, Saddle River, N. J.; M. A. Patten, Vice-President, Tewkesbury, Mass.; W. J. Vesey, Secretary, Fort Wayne, Ind.; and E. H. Michel, Treasurer, St. Louis, Mo. The directors are: L. L. May, St. Paul, Minn.; E. H. Michel, St. Louis, Mo.; J. C. Vaughan, Chicago, Ill.; E. D. Smith, Adrian, Mich.; W. J. Vesey, Fort Wayne, Ind.; E. G. Hill, Richmond, Ind.; Adam Graham, Cleveland, O.; Chas. D. Ball, Philadelphia, Pa.; Wm. Scott, Corfu, N. Y.; J. G. Esler, Saddle River, N. J.; M. A. Patten, Tewkesbury, Mass.; E. A. Seidewitz, Annapolis, Md.; W. F. Gude, Washington, D. C.

The object of the association is to give fire insurance at first cost.

FLORISTS' TELEGRAPH DELIVERY ASSOCIATION.

The idea of a telegraph delivery system originated with Mr. C. B. Whitnall, Milwaukee, Wis., who, in the fall of 1890, made arrangements with several of the leading florists of the country to fill orders for delivery in their cities received by him and undertaking to fill orders for Milwaukee delivery, sent to him by them. This proved so satisfactory an arrangement that it suggested the idea of a national organization, with representatives in every city in the country, and in August, 1891, such an organization was formed. C. B. Whitnall, Milwaukee, Wis., Secretary and Manager.
